Engineering Department 1376 E. Ninth Street Alamogordo, New Mexico 88310 PH (575)439-4235 FAX (575)439-4343

FEMA-055-2022

May 2, 2022

Perry Hisaw
2001 First St.
Alamogordo, NM 88310

The property located at 2005 Cameo Dr., Caneadea Subdivision, Lot:9, Block: 2, in Alamogordo, Otero County, New Mexico, has been located on Federal Emergency Management Agency (FEMA) Flood Insurance Rate Map (FIRM) for our community. The following information is based on the site plan submitted with the building permit application. The property is located in a Special Flood Hazard Area.

Alamogordo's community number: 350045
The property is located on panel number: 1180 Suffix: D
The date of the FIRM index: December 17, 2010
The property is located in FIRM zone: **AE**
The base flood elevation at the property is 4420.3, NAVD '88

Enclosed is an elevation certificate for the referenced property. A licensed surveyor, architect or engineer will need to certify the actual elevation the building is built at **and a copy of the certificate returned to this office for our records**. Development of the property will be subject to the requirements set forth in Chapter 13 Flood Damage Prevention. It is recommended that the applicant become familiar with all the provisions of Chapter 13 of the City Code and the National Flood Insurance Program regulations (44CFR60.3). Particular attention should be given to the requirements of Article 13-03-010 (b)(5) pertaining to AE zones. **The attached "Max 1' Rise" Certificate must be completed by a Registered Professional Engineer, licensed in the State of New Mexico and returned to the Engineering Department along with the completed Elevation Certificate.**

Please be advised that City Code requires written certification that the elevation of the lowest floor of the completed structure is at or above the elevation specified in Section B (block B9) of the Elevation Certificate. For non-residential structures only, flood-proofing is allowable below the required BFE or height, following FEMA requirements for flood-proofing (Publication P-936). A flood-proofing certificate, certified by a registered professional engineer or architect, will be required along with the Elevation Certificate. Given the above requirements, it is strongly recommended that you have the surveyor who will be completing Section C of the Elevation Certificate check the elevation of your concrete forms before you pour any concrete.

NOTE: This information is based on the current FEMA Flood Insurance Rate Map for the city. This letter does not imply that the referenced property will or will not be free from flooding or damage. A property not in a Special Flood Hazard Area may be damaged by a flood greater than that predicted on the FIRM or from a local drainage problem not shown on the map. The sole purpose of providing the above information is to assist you in complying with the requirements of Chapter 13, Flood Damage Prevention, of the City Code and to advise you about the availability of flood insurance. This letter does not create liability on the part of the city, or any officer or employee thereof, for any damage that results from reliance on this information.

If you need any further assistance please feel free to contact me at (575) 439-4235 (ex 1) or via email at nbeshaler@ci.alamogordo.nm.us. Flood information and city ordinances are available on the city's website <https://ci.alamogordo.nm.us>

Sincerely,

Nancy Beshaler, CFM
Floodplain Manager

FLOOD INSURANCE

NFIP: Alamogordo participates in the National Flood Insurance Program (NFIP). The NFIP makes federally backed flood insurance available for all buildings, whether they are in a floodplain or not. Flood insurance covers direct losses caused by surface flooding, including an arroyo flowing over its banks, and local drainage problems.

The NFIP insures buildings, including mobile homes, with two types of coverage: structural and contents. Structural coverage is for the walls, floors, insulation, furnace, and other items permanently attached to the structure. Contents coverage may be purchased separately provided the contents are in an insurable building.

Mandatory Purchase Requirement: The mandatory purchase requirement applies to all forms of federal or federally related financial assistance for buildings located in a Special Flood Hazard Area (SFHA). This requirement affects loans and grants for the purchase, construction, repair, or improvement of any publicly or privately owned buildings in the SFHA, including machinery, equipment, fixtures, and furnishings contained in such buildings.

Financial assistance programs affected include loans and grants from agencies such as the Department of Veterans Affairs, Farmers Home Administration, Federal Housing Administration, Small Business Administration, and Federal Emergency Management Agency. The requirement also applies to secured mortgage loans from financial institutions, such as commercial lenders, savings and loan associations, savings banks, and credit unions that are regulated, supervised or insured by Federal agencies such as the Federal Deposit Insurance Corporation and the Office of Thrift Supervision. It also applies to all mortgage loans purchased by Fannie Mae or Freddie Mac in the secondary mortgage market.

How it Works: Before a person can receive a loan or other financial assistance from one of the affected agencies or lenders, there must be a check (Map Determination) to see if the building is in a Special Flood Hazard Area (SFHA). The SFHA is the base (100-year) floodplain mapped on a Flood Insurance Rate Map (FIRM). It is shown as one or more zones that begin with the letter "A" or "V".

Copies of the FIRMs are available for review at the public library, the Engineering Department at City Hall, the city's website <https://ci.alamogordo.nm.us/317/Flood-Information>, and FEMA's website <https://msc.fema.gov/portal>. Many lenders and insurance agents also have copies. It is the agency's or the lender's responsibility to check the FIRM to determine if the building is in an SFHA.

If the building is in a SFHA, the agency or lender is required by law to require the recipient to purchase a flood insurance policy on the building. The requirement is for structural coverage equal to the amount of the loan (or other financial assistance) or the maximum amount available, whichever is less. The maximum amount available for a single-family house is \$250,000.

The mandatory purchase requirement does not affect loans or financial assistance for items that are not covered by a flood insurance policy, such as vehicles, business expenses, landscaping, and vacant lots. It does not affect loans for buildings that are not in the SFHA, even though a portion of the lot may be flood prone. While not mandated by law, a lender may require a flood insurance policy as a condition of a loan for a property in any zone on a Flood Insurance Rate Map.

CITY OF ALAMOGORDO
ENGINEERING "MAX 1' RISE" CERTIFICATION
DEVELOPMENT IN SPECIAL FLOOD HAZARD AREA 'AE' ZONES

Per City Ordinance Chapter 13 Flood Damage Prevention Article 13-03-010 (b) (5)

This is to certify that I am a duly qualified engineer licensed to practice Civil Engineering in the State of New Mexico. I further certify that the attached technical data supports the fact that the cumulative effect of proposed development at:

which falls within the community's Special Flood Hazard Area "AE" Zone, when combined with other existing and anticipated development, will not increase the water surface elevation of the base (100-year) flood more than one (1) foot at any point within the community.

I further certify that the hydrology and hydraulic studies/analyses are conducted in accordance with the accepted standards of engineering practice to meet the requirements of Part 65, Identification and Mapping Special Flood Hazard Areas, of Title 44 of the Code of Federal Regulations.

SECTION D – SURVEYOR, ENGINEER, OR ARCHITECT CERTIFICATION

This certification is to be signed and sealed by a land surveyor, engineer, or architect authorized by law to certify elevation information. I certify that the information on this Certificate represents my best efforts to interpret the data available. I understand that any false statement may be punishable by fine or imprisonment under 18 U.S. Code, Section 1001.

Were latitude and longitude in Section A provided by a licensed land surveyor? Yes No Check here if attachments.

SECTION E – BUILDING ELEVATION INFORMATION (SURVEY NOT REQUIRED) FOR ZONE AO AND ZONE A (WITHOUT BFE)

For Zones AO and A (without BFE), complete Items E1–E5. If the Certificate is intended to support a LOMA or LOMR-F request, complete Sections A, B, and C. For Items E1–E4, use natural grade, if available. Check the measurement used. In Puerto Rico only, enter meters.

- E1. Provide elevation information for the following and check the appropriate boxes to show whether the elevation is above or below the highest adjacent grade (HAG) and the lowest adjacent grade (LAG).
- a) Top of bottom floor (including basement, crawspace, or enclosure) is _____ feet meters above or below the HAG.
- b) Top of bottom floor (including basement, crawspace, or enclosure) is _____ feet meters above or below the LAG.
- E2. For Building Diagrams 6–9 with permanent flood openings provided in Section A Items 8 and/or 9 (see pages 1–2 of Instructions), the next higher floor (elevation C2.b in the diagrams) of the building is _____ feet meters above or below the HAG.
- E3. Attached garage (top of slab) is _____ feet meters above or below the HAG.
- E4. Top of platform of machinery and/or equipment servicing the building is _____ feet meters above or below the HAG.
- E5. Zone AO only: If no flood depth number is available, is the top of the bottom floor elevated in accordance with the community's floodplain management ordinance? Yes No Unknown. The local official must certify this information in Section G.

SECTION F – PROPERTY OWNER (OR OWNER'S REPRESENTATIVE) CERTIFICATION

The property owner or owner's authorized representative who completes Sections A, B, and E for Zone A (without a FEMA-issued or community-issued BFE) or Zone AO must sign here. The statements in Sections A, B, and E are correct to the best of my knowledge.

Property Owner or Owner's Authorized Representative's Name
